

Wood Burning Fireplaces

SWB500I Radiant Wood Burning Fireplace shown with optional brass bifold doors.

SWB400I and SWB500I Radiant Wood Burning Fireplaces

- A 20 1/4" deep firebox and no visible smoke baffle make this prefabricated fireplace look and feel just like its masonry counterpart—at a fraction of the cost
- Insulated for cold weather climates
- Standard radiant design provides the ability for a masonry look finish
- Fireplace interiors have all refractory brick to provide a realistic masonry look, with steel mesh molded in for durability
- Gas knockouts for adding gas appliances
- Available in 36" or 42" openings (SWB400I and SWB500I)
- Uses "S" series chimney system, making installation simple
- Tilt-up heavy duty grate allows for easy clean up of ashes
- Built-in hearth ledge keeps ashes contained neatly inside the firebox
- Sturdy full-length nailing flange secures unit during construction
- Field convertible to a heat circulating unit at the time of installation
- 25-year warranty ensures dependability
- OMNI-Test Laboratories, Inc. design certified

*Heat with
Personality.*
