

WeatherShield®

Protects chimney from
adverse weather

STAINLESS STEEL CAP FOR ROUND CHIMNEYS

WeatherShield® helps maintain a chimney's optimum performance by keeping out:

- Rain and snow
- Squirrels, birds, and other animals
- Leaves and other debris

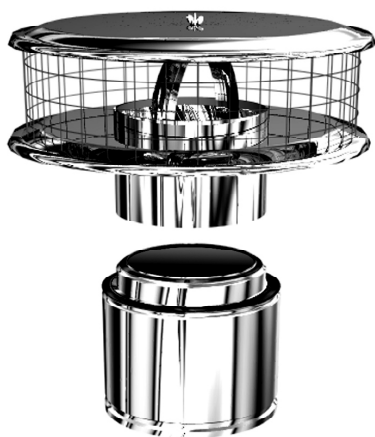

An added feature is the removable mesh screen that provides a measure of safety by helping to contain sparks.

100% stainless steel construction assures long life and rust-free performance.

WeatherShield® features "spring fit" for easy installation and fast removal for chimney cleaning.

Note: 1" x 1" stainless steel screen mesh is standard for spark arrester; nominal 1/2" x 1/2" mesh also available when required by some states.
