Chimney Covers BigTop™ Multi-Flue

Hinged Mounting Flanges

Easy to assemble with tab and slot corner design. Hood attaches to base with weld bolts and nuts; no chance of stripping out threaded holes. Hinged mounting flanges available on stainless steel and copper models.

HY-C BigTop™ – Easy Solution for the Multi-Flue Chimney!

This model is available in 16 stock sizes. The four smallest sizes 10 x 14, 13 x 19, 14 x 14 & 17 x 17 are available fully assembled only. The four largest sizes 17 x 49, 17 x 53, 17 x 58 & 17 x 64 are available knocked-down only. All other stock sizes are shipped assembled or knocked-down for your convenience in handling. The KD design is very easy to assemble on the job site, eliminating the cumbersome storage of the large assembled units.
